19 April 2022

**Sawston**  
Village College

Principal: Mr J P Russell

Dear Parent/Carer

### **Anglian Learning Intranet System (ALIS) launch for Year 7 Parents**

I am very pleased to introduce you to an exciting new online platform for parents/carers called Anglian Learning Intranet System (ALIS). This platform will allow you to see information about your child that we have previously not been able to share with you. ALIS now provides us with the means to do so; we feel that this additional insight for parents/carers will allow for even stronger relationships between home and school.

ALIS will allow you to see details about your child's attendance, house points, behaviour and much more, provided through a mobile friendly portal. This is a platform developed by a team within Anglian Learning and we are hoping to introduce further developments over the coming months. Initially, we are piloting the use of ALIS with Year 7 parents only so that we can ensure a smooth roll-out to the wider College community. Some examples of what the ALIS platform looks like can be seen below.

On Monday 25th April you will receive an email from Anglian Learning containing the subject line 'ALIS Account Activation'. You will then be led through a simple process to activate your account and create a password. Please check your spam folder if you do not receive this by the end of the day. The activation process will take no more than 10 minutes. There is a user guide attached to this email which provides further details about how to activate your account and login to ALIS moving forwards. If you experience any difficulties with this process please contact [alissupport@sawstonvc.org](mailto:alissupport@sawstonvc.org) for assistance. Please note that this email address should only be used for technical support.

I hope that you find ALIS a useful addition to our home-school communication tools. We are very excited to provide you with this new level of information about your child.

Yours sincerely

Miss S Gelder  
Deputy Principal
