Dear Parents/Carers

Weekly Round-Up

We hope that you have all had an enjoyable summer and perhaps the sun will continue to shine this weekend for us all. Our Y11 leavers certainly shone on Results Day, achieving very highly across the board with record-breaking results for the College. When all data is validated nationally, we can share the details but we could not be more proud of the Class of 24.

In a very short week for the pupils, we have welcomed the newest recruits who were ably supported and looked after by Y11 on their first day. What a delightful group of pupils and we look forward to seeing them settle in quickly and gain in confidence as they start their five years with us. Thank you to all parents who helped the rest of the pupils return today on time and in proper uniform; your support is very much appreciated. They've had a very good start today and we're excited to see what they can achieve this year academically, socially and personally.

NEW Freshers' Fair

Our annual Freshers' Fair takes place on Thursday giving Y7 pupils a flavour of the clubs and extra-curricular activities on offer here at SVC. Year 7 will spend part of their period 5 lesson at the Fair so they can sign-up for the clubs taking place this term. Other year groups have a chance to see the Fair at lunchtime. We are very proud of our extra-curricular offer; with over seventy different clubs and activities, there is something for everyone and we encourage all of our new Year 7 pupils to get involved. Getting involved will be a key part of their Bronze Pledge Award.
